On inspection of the fallen roadside wall ,it would appear that the whole stretch of approx. 6m is leaning and likely to fall sooner rather than later and probably the only thing keeping it up is the notice board posts which are helped by the Holly bush. So I have given 2 options for consideration

Option1 To repair fallen wall in cemetery £50.00

Option 2 To pull down and rebuild approx. 6m stretch of wall
at cemetery including concrete footing and new concrete
capping

Labour 6m @ £50/m	£300.00
Gravel and cement	£125.00
TOTAL	£425.00

15th December 2017

Dear Mrs Aveny.

We wrote to you in October asking if your parish council had need of a defibrillator for use by your own residents or visitors.

Defibrillators have proved to be, literally a life-saver locally, so we feel our offer to purchase such items could provide real community benefit.

We have already received a few replies from local parish councils and would be very pleased to hear from you, our next meeting is on the 10th January 2018, when we would like to be able to approve these and could then make a 'bulk purchase' to obtain the best price.

I look forward to hearing from you.

Yours Sincerely

Wendy Harris
