

## **Graveyard Photography & Records – Find A Grave Project**

Volunteer: Bill

I am a local volunteer for FindAGrave.com, and I've recently completed photographing and transcribing all gravestones and memorials in the Luckington Burial Ground. These records are now freely available to view online.

If you have relatives buried here and would like to add additional details—such as family connections, dates, or corrections—please feel free to contact me through the website.

Please note: Some older gravestones were no longer legible, but I have done my best to document everything as respectfully and accurately as possible.
