

LUCKINGTON AND ALDERTON PARISH COUNCIL

LUCKINGTON PARISH CEMETERY CEMETERY RULES AND REGULATIONS

In these regulations the following expressions shall have the meaning hereby assigned to them:

‘The Council’ means Luckington and Alderton Parish Council. ‘The Clerk’ means the Clerk to Luckington and Alderton Parish Council.

‘The Cemetery’ refers to Luckington Parish Cemetery, Sherston Road, Luckington SN14 6PG.

‘Purchased grave’ means any grave/cremated remains plot in respect of which a Grant of Exclusive Right of Burial has been issued by the Council.

1. Graves will need to be consecrated at the time of burial.
2. Interments, including cremated remains/stillbirths may take place with or without the services of a minister of religion.
3. Before burial can take place, the applicant shall give notice to the Clerk in the prescribed form accompanied by the certificate for disposal issued by a Registrar of Births and Deaths, or an Order for Burial issued by a Coroner or Crematorium Certificate in the case of cremated remains.
4. A grave may be reopened only for the purpose of burial or by order of a court of competent jurisdiction.
5. Graves for one interment shall be dug 4’6” (1.37m) deep. Graves for two interments shall be 6’0” (1.8m) deep, and graves for three interments shall be 8’0” (2.4m) deep. In all cases a minimum of 6” (152mm) of earth shall be left between each coffin.
6. All grave plots are 10’ x 5’ (3 x 1.5 m) centred. Plots for cremated remains are 2’ x 2’ (600mm x 600mm) centred. All paths between rows are 2’ (600mm).
7. Cremated remains may not be disposed of on the surface of any grave, or elsewhere in the burial ground.
8. The applicant or his approved agent shall be responsible for the excavation or reopening of any grave and for removing surplus soil.
9. For successive interments within the same grave, headstones shall be removed by and at the expense of the person requiring such removals and replaced by that person at his or her expense as soon as is practicable after the interment. In the event that headstones are not replaced within 12 calendar months of the interment, the Council shall have the power to arrange for this to be done at the expense of the person requiring the removal, or of his or her legal representative or attorney or estate executive in the event of a deceasement.
10. Any damage to any boundary, headstone or any other structure, or any other damage whatsoever caused during the construction of any grave or during the erection, removal or replacement of any structure shall be repaired by, and at the expense of, either the person causing the damage, or his or her agent or formally appointed representative.
11. Coffins of traditional wood, willow, wicker, sea grass and other eco-friendly materials only may be used in earthen graves and all bodies must be totally enclosed in coffins at the time of the burial.
12. All fees and payments must be made before any interment or the installation of any memorial, vase or tablet.
13. All memorials, tablets and vases must be within the stated minimum and maximum sizes and be installed to the Council’s satisfaction in the prescribed position.

14. The memorial mason is to be responsible for the level, firmness and satisfactory workmanship of the memorial for the period of 12 months from the installation.
15. At any time after the burial, headstones with bases (with or without flower vases) may be erected provided that they comply with these regulations and are sited according to instructions given by the Council.
16. A memorial shall consist of a headstone to the following measurements: maximum height of 3'0" from ground level (900mm); minimum height of 1'6" from ground level (450mm); width not exceeding 2'0" (600mm); maximum thickness of 6" (150mm) and a minimum thickness of 3" (75mm). If a plinth is used the maximum size should be 75x600x300mm.
17. Headstones are to be securely fixed to their respective bases. Vases may be incorporated within the limits above but must be either part of, or securely fixed to, the headstone. Where no headstone is erected, permission should be sought from the Council for the installation of a stone flower vase.
18. The memorial for cremated remains should be of natural quarried stone, with non-reflecting finish. A memorial shall be a wedge-shaped stone, 18" x 18" (450mm x 450mm). If flowers are to be placed on the ashes plot, then a vase must be incorporated into the memorial. The memorial must be securely fixed to a concrete bases measuring 24" x 24" (600mm x 600mm).
19. Inscriptions must be simple and reverent, and they should be incised or in relief and may be painted. Additional inscriptions also require written approval.
